ANDREW J. DUTCHER

Index – Journal of Creative Behavior, Volume 44, 2010

ACHIEVEMENT
Versatility, openness to experience, and topical diversity in creative products: An exploratory historiometric analysis of scientists, philosophers, and writers 9

ANALOGIES
Science as structured imagination 37

ARTS
Discovering new ways of moving: Observational analysis of motor creativity while dancing contact improvisation and the influence of the partner 53

Sharing my music with you: The musical presentation as a tool for exploring, examining and enhancing self-awareness in a group setting 259

ASSESSMENT
Unfolding the measurement of the creative personality 105

ASSESSMENT – FLEXIBILITY
Child and adult reports of graphic strategies used to portray figures with contrasting emotional characteristics 169

ASSESSMENT – INSTRUMENTS
A cross cultural examination of creative problem solving style: The Dutch translation of VIEW 27

CASE STUDIES
Science as structured imagination 37

CATEGORIZATION
Dissimilarity in creative categorization 71

COGNITIVE ABILITIES

Child and adult reports of graphic strategies used to portray figures with contrasting emotional characteristics 169

Sharing my music with you: The musical presentation as a tool for |exploring, examining and enhancing self-awareness in a group setting 259

COGNITIVE BEHAVIOR

Dissimilarity in creative categorization 71

From walls to windows: Using barriers as pathways to insightful solutions 143

The relationship between diverse components of intelligence and creativity 125

Versatility, openness to experience, and topical diversity in creative products: An exploratory historiometric analysis of scientists, philosophers, and writers 9

COMMUNICATION

Child and adult reports of graphic strategies used to portray figures with contrasting emotional characteristics 169

Embeddedness and new idea discussion in professional networks: The mediating role of affect-based trust 85

CONSCIENTIOUS CREATIVITY

Redefining creativity — analyzing definitions, collocations, and consequences 191

CREATIVE EDUCATION

Formulation of policy and strategy in developing creativity education in four Asian Chinese societies: A policy analysis 215

CREATIVE PRODUCTS

Versatility, openness to experience, and topical diversity in creative products: An exploratory historiometric analysis of scientists, philosophers, and writers 9

CREATIVITY — SCIENTIFIC

Science as structured imagination 37

CREATORS

Versatility, openness to experience, and topical diversity in creative products: An exploratory historiometric analysis of scientists, philosophers, and writers 9

DEFINITIONS — CREATIVITY

Formulation of policy and strategy in developing creativity education in four Asian Chinese societies: A policy analysis 215

Redefining creativity — analyzing definitions, collocations, and consequences 191

DOMAIN KNOWLEDGE

The effects of domain knowledge and instructional manipulation on creative idea generation 237

EDUCATIONAL POLICY

Formulation of policy and strategy in developing creativity education in four Asian Chinese societies: A policy analysis 215

EXPERIENCE

Versatility, openness to experience, and topical diversity in creative products: An exploratory historiometric analysis of scientists, philosophers, and writers 9

HIGHER EDUCATION — DEGREE PROGRAMS

Colleges and universities with degree or certificate bearing programs in creativity 139

IDEA GENERATION

The effects of domain knowledge and instructional manipulation on creative idea generation 237

IDEAS

Embeddedness and new idea discussion in professional networks: The mediating role of affect-based trust 85

Unfolding the measurement of the creative personality 105

IMAGINATION

Dissimilarity in creative categorization 71

Science as structured imagination 37

INNOVATION

Embeddedness and new idea discussion in professional networks: The mediating role of affect-based trust 85

INSIGHT

From walls to windows: Using barriers as pathways to insightful solutions 143

INTELLIGENCE
The relationship between diverse components of intelligence and creativity 125

INTERACTIVITY
Discovering new ways of moving: Observational analysis of motor creativity while dancing contact improvisation and the influence of the partner 53

LEVEL OF CREATIVITY
Dissimilarity in creative categorization 71

Formulation of policy and strategy in developing creativity education in four Asian Chinese societies: A policy analysis 215

MANAGEMENT
Embeddedness and new idea discussion in professional networks: The mediating role of affect-based trust 85

MOTOR CREATIVITY
Discovering new ways of moving: Observational analysis of motor creativity while dancing contact improvisation and the influence of the partner 53

MOVEMENT
Discovering new ways of moving: Observational analysis of motor creativity while dancing contact improvisation and the influence of the partner 53

MUSICAL PRESENTATION
Sharing my music with you: The musical presentation as a tool for exploring, examining and enhancing self-awareness in a group setting 259

PERSON
Science as structured imagination 37

The relationship between diverse components of intelligence and creativity 125

Versatility, openness to experience, and topical diversity in creative products: An exploratory historiometric analysis of scientists, philosophers, and writers 9

Unfolding the measurement of the creative personality 105

PERSONALITY
Versatility, openness to experience, and topical diversity in creative products: An exploratory historiometric analysis of scientists, philosophers, and writers 9

PROBLEM FINDING

From walls to windows: Using barriers as pathways to insightful solutions 143

PROBLEM SOLVING

From walls to windows: Using barriers as pathways to insightful solutions 143

A cross cultural examination of creative problem solving style: The Dutch translation of VIEW 27

PROBLEMS-SOLVING — INSTRUCTION

The effects of domain knowledge and instructional manipulation on creative idea generation 237

PROFESSIONAL NETWORKS

Embeddedness and new idea discussion in professional networks: The mediating role of affect-based trust 85

RESEARCH — CROSS-CULTURAL

A cross cultural examination of creative problem solving style: The Dutch translation of VIEW 27

SELF-AWARENESS

Sharing my music with you: The musical presentation as a tool for exploring, examining and enhancing self-awareness in a group setting 259

SIMILARITY

Dissimilarity in creative categorization 71

STYLE OF PROBLEM-SOLVING

A cross cultural examination of creative problem solving style: The Dutch translation of VIEW 27

THINKING

Science as structured imagination 37

The relationship between diverse components of intelligence and creativity 125

TRUST

Embeddedness and new idea discussion in professional networks: The mediating role of affect-based trust 85
